A LEGACY OF PERFORMANCE

For more than 100 years, the Coleman® name has been synonymous with rugged reliability and world-renowned quality. Our line of air conditioners is no different. Since 1958, Coleman® HVAC has provided home comfort systems that stand the test of time. With design, engineering, and assembly in the United States, you can count on our line of Echelon® air conditioners to do the same. It's what has made Coleman® HVAC a preferred choice for homeowners who want a durable, low-maintenance solution that lives up to the Coleman® HVAC name.

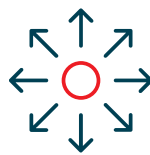

Legendary features:

Coleman® Echelon™ Series AC19 Air Conditioners

Efficient comfort

- **Communicating capable** with our Wi-Fi®-enabled Echelon™ Hx™3 touchscreen thermostat for complete system control.
- **Two-stage compressor** provides superior temperature and humidity control.
- **Zoning system** capable for optimal home comfort in every room.

System flexibility

- **Multiple control options** give you the flexibility to use either a conventional thermostat or our Wi-Fi®-enabled Echelon™ Hx™3 Touch-screen Thermostat for communicating capability.
- **Zoning** flexibility means it can be deployed with conventional zoning or the Hx™3 communicating zoning system.
- **Dual-fuel capability** means you can pair the pump with a residential gas furnace for a hybrid comfort system that optimizes heating capacity and/or efficiency.

Trusted quality

- **Unmatched warranties** include a Lifetime Compressor and 10-year Parts Limited warranties on registered outdoor units.
- **ENERGY STAR®** certified performance means greater energy efficiency.

Whole home comfort

Our new Hx™3 Communicating Zoning System is the ideal solution for the smart, sophisticated home. It's designed to simplify life, enhance energy efficiency, and deliver convenient comfort and control when paired with any of our 19 SEER Two-Stage Air Conditioners or Heat Pumps. The Hx™3 Communicating Zoning System delivers convenient comfort control with up to eight zones of custom comfort, flexible damper timing, no bypass dampers, and remote monitoring for easy setup and maintenance.
